

Sample Diagrams

Jim Foley

Here are some sample diagrams and graphics from various projects and periods. Most of my work has been on proprietary technology, but these are less-sensitive or deliberately altered images.

How the logic works

Nam liber tempor cum soluta nobis eleifend option congue nihil imperdiet doming id quod mazim placerat facer possim assum. Lorem ipsum dolor sit amet, consectetur adipiscing elit.

Lorem ipsum dolor sit amet, consectetur adipiscing elit, At accusam aliquyam diam diam dolore dolores duo eirmod eos erat, et nonummy sed tempor et et invidunt justo labore Stet. At vero eos et accusam et justo duo dolores et ea rebum.

Analysis of response times on a web request that's making too many intercontinental hops

Discussion Aids

At Reuters my development team worked with up to 200 international developers in multiple countries, posing communication barriers on international calls in the days before Zoom. At management’s request, I created slides or diagrams to help explain concepts, tools, roles, flows, and plans. This greatly improved the calls and their results.

Template Release & QA Plan Phase I - June

Editing CRV files

- Ut wisi enim ad minim veniam, quis nostrud exerci tation ullamcorper suscipit. lobortis nisl ut aliquip ex ea commodo consequat.
- Duis autem vel eum iriure dolor in hendrerit in vulputate velit esse molestie consequat.
- Nam liber tempor cum soluta nobis eleifend option congue nihil imperdiet doming id quod mazim placerat facer possim assum.

Splunk

- Splunk LightWeight Forwarder (LWF) is a 3rd-party product that allows fast, convenient access to system-wide logs, including server logs and user application logs.
- It forwards application logs and event logs in near-realtime to a Splunk Index server within a service site.
- Logs and log-related data can be accessed at the Splunk Index server.
